Belle Stone (佰丽石) | 自然艺术的卓越引渡者

Belle Stone | Stone, Elevated.

2010年，美国石材专家 Erich 与中国市场专家 Sophie，怀揣着对天然石材的极致热忱与远见，于上海共同创立了 Belle Stone。这不仅是一个品牌的诞生，更是一场东方智慧与西方匠心的相遇。

我们的使命清晰而笃定：将欧洲珍稀矿脉的瑰宝，无缝引入中国顶级建筑空间，为高端私宅、地标商业与杰出设计师，提供无可挑剔的天然石材整体解决方案。

石材，是凝固的自然史诗

我们深信，石材并非冰冷的材料。每一片经由 Belle Stone 甄选的石材，都是地球用数百万年光阴书写的独一无二地质诗篇，是无可复制的天然艺术品。我们的角色，即是这史诗的发现者、翻译者与守护者——以精湛的工艺与敬畏之心，将这些稀世本源，转化为构筑当代永恒的基石。

三位一体，驱动卓越闭环

为兑现从源头洞察到完美交付的全价值链承诺，Belle Stone 在中国构建了深度融合的三大战略支点：

上海设计中心：作为品牌的美学心脏与灵感前沿，这里汇集全球稀有石材库，是与顶尖设计师共启创意对话的核心场域。

水头供应链中心：坐落于中国石材产业腹地，以前沿的加工技术及高效库存体系，是我们兑现精准、快速交付承诺的坚实保障。

佛山运营中心：立足于中国建陶产业与全球贸易窗口，这里是我们品牌的商业引擎与招商枢纽。它不仅深度链接着全国最重要的渠道网络与客户资源，更将 Belle Stone 的卓越产品与价值，高效转化为持续增长的市场动力。

从矿山到殿堂，Belle Stone 以“欧洲选材力、中国落地力、湾区增长力”的融合势能，致力于成为连接自然瑰宝与伟大空间的、最值得信赖的伙伴。

Founded in Shanghai in 2010 by American stone expert Erich and his Chinese partner Sophie, Belle Stone was created from a shared belief: that natural stone deserves both reverence and precision.

From the beginning, Belle has been more than a sourcing company. It is a bridge — bringing Europe's most exceptional quarries into dialogue with China's most refined architectural and interior spaces.

We curate rare and character-rich stones from across Europe, offering designers and developers a seamless, end-to-end experience — from selection to fabrication to delivery. Our focus is simple: remarkable material, handled beautifully.

Stone as Living Art

To us, stone is not a commodity. It is time made visible.

Every slab carries millions of years of formation — movement, pressure, mineral, and light captured in permanence. Our role is to recognize its character, protect its integrity, and help translate it into spaces that feel enduring and considered.

Built for Designers

To support our partners at every stage, Belle Stone operates through three integrated centers:

Shanghai Design Centre

Our creative home — a curated stone library where designers explore, compare, and envision. It is a space for material discovery and conversation.

Shuitou Supply & Fabrication Hub

Located at the core of China's stone industry, this is where precision happens. Advanced processing, strict quality control, and efficient logistics ensure each project is delivered exactly as intended.

Foshan Operations Centre

Our commercial and partnership base, connecting Belle Stone to leading developers, contractors, and design studios nationwide.

Together, these pillars allow us to move confidently from quarry to completed space — combining European sourcing with disciplined local execution.

From rare vein to refined interior,

Belle Stone is dedicated to elevating natural material into meaningful architecture.
